## THE ZOMBIE DEDICARE

The Zombie Cocktail first appeared in 1934, invented by Donn Beach. Legend has it that he originally concocted the cocktail to help a hung-over customer get through a business meeting. The customer returned several days later to complain that he had been turned into a “zombie” for his meeting. The drink’s fruity taste conceals its extremely high alcoholic content. Actually, Don Beach decided to limit their customers to two Zombies apiece because of their potency.
